National Night Out - August 1

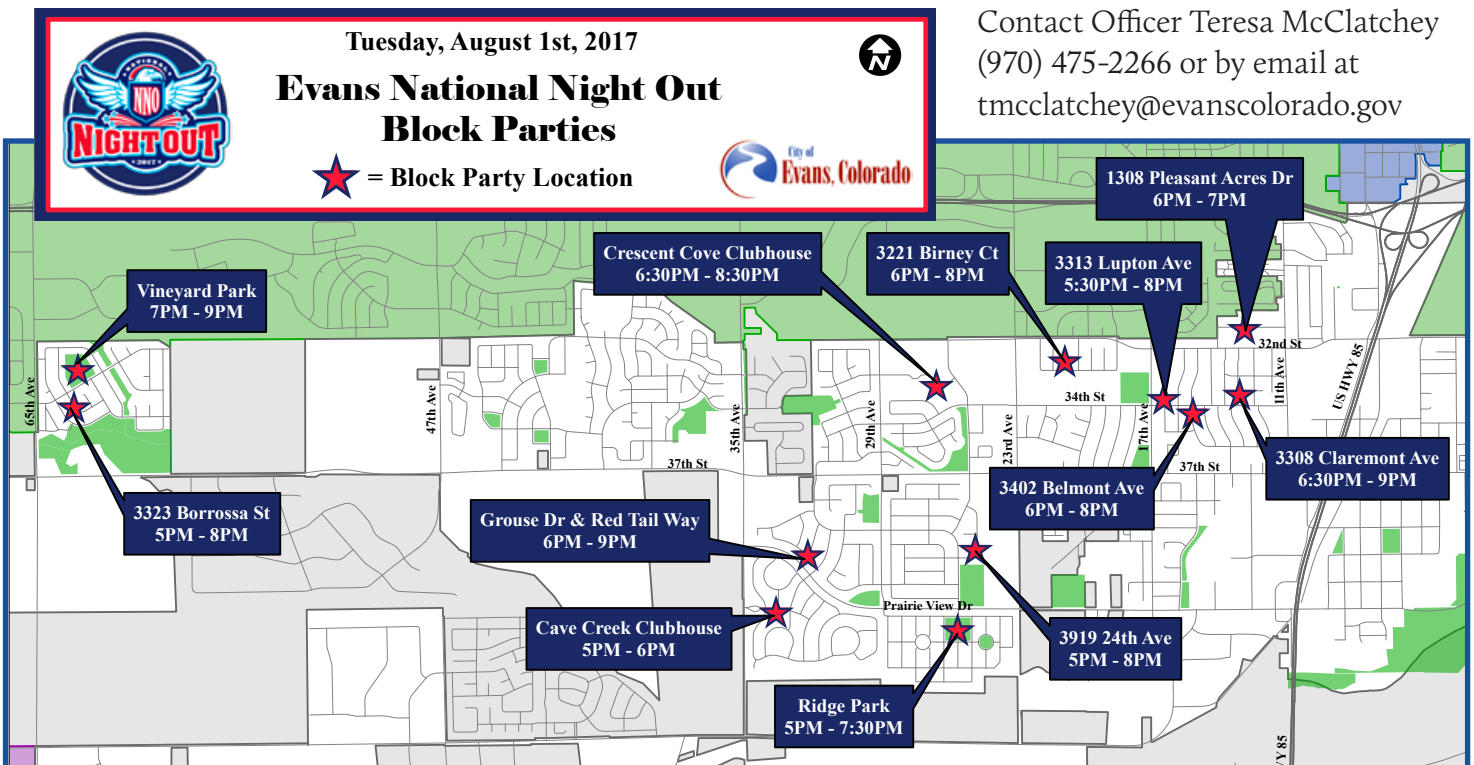

Your neighborhood is invited to participate with many other neighborhoods and businesses across the country in celebration of **National Night Out** on Tuesday evening, August 1, 2017.

National Night Out is a crime and drug prevention event that is sponsored by the National Association of Town Watch and co-sponsored locally by the Evans Police Department.

National Night Out is designed to:

- Heighten crime and drug prevention awareness.
- Generate support for, and participation in, local anti-crime efforts.
- Strengthen neighborhood spirit and police/community partnerships.
- Send a message to criminals letting them know neighborhoods are organized and fighting back.

Participating neighborhoods nationwide are asked to turn on outside lights and spend the evening outside with neighbors, citizens, and police. Neighborhoods will be hosting a variety of events ranging from small potlucks and barbeques to large block parties and business-after-hour events. Some additional event ideas include, but are not limited to, ice cream socials, games, contests, discussing neighborhood issues, setting neighborhood goals, beautifying a common area, discussing or planning a Neighborhood Watch Program. It's up to you – be creative, have fun and celebrate with your neighbors!

IT'S A GO!

Join us for the Riverside
Park Redevelopment
Groundbreaking on

August 19 at 10:30. The City has received the final approvals to begin the reconstruction of Riverside Park! It has been a long and grueling process that has taken thousands of hours of planning, reviews and studies. Thank you to the many community members who provided input on what the park should be. We are very excited to finally be able to put a shovel in the ground and begin the work to get our park back!

We'll have yummy treats, balloon artists, face painters, glitter tattoo artists and giveaways. In addition to throwing that first shovelful of dirt – Bonnie and the Clydes will be on hand to entertain. [Click here](#) for a taste of this great band and come out to Riverside Park on August 19 at 10:30 to help us celebrate. Entrance will be off of Riverside Parkway.

Hydrant Flushing

Beginning in late July through mid-September, you will see Fire District crews working at fire hydrants and notice water running down the street. Your first thought may be that we are ignoring our own philosophy of conserving water. We flush water lines through the use of fire hydrants, which is an important preventive maintenance activity. Although it may appear to waste water, the process is part of a routine maintenance program necessary to maintain the integrity of the fire protection water supply and assure adequate water is available for firefighting purposes.

As a result of the line flushing process, residents in the immediate vicinity of the work may experience temporary discoloration of their water. This discoloration consists primarily of harmless silt and air and does not affect the safety of the water. If you experience discoloration in your water after crews have been flushing in your neighborhood, clear the pipes in your home by running all water faucets for a few minutes.

Reducing Feral Cat Populations

At a recent Evans City Council Meeting, council members unanimously voted to partner with Northern Colorado Friends of Ferals (NCFF) to address the feral cat problem in Evans in a humane and cost effective manner. NCFF is an all-volunteer, 501 c (3) organization that is dedicated to reducing the feral cat population in northern Colorado in a humane way through trap, neuter and return. This approach is a proven method to reduce feral cat populations. From 2009 to 2016, the euthanasia rate at the Weld County Humane Society dropped from 47% to 16% for this animal population. Intake numbers on cats dropped by 30% since NCFF began trapping in Weld County 8 years ago.

There are 2 ways you can help:

- ▶ If you or someone you know is feeding a cat colony in Evans, please contact NCFF to help them identify where the colony is located so they can humanely trap them.
- ▶ If you are interested in volunteering to help, please let NCFF know. They provide all the training and equipment necessary to make the program a success.
